BS Nursing - Student Achievement Outcome Data

BSN Graduates' Success on the NCLEX licensure Exam does not apply since RN to BSN students are already licensed as Registered Nurses at the beginning of the RN to BSN program.

BSN Student's Completion of the Nursing Program

Started Program	On-time Graduation Year	Number of Students Started	On-time Completion Rate in 4 terms	Ultimate Completion Rate in 6 terms	Ultimate Graduation Rate
2019-2020	2021-2022	164	89 (54.3%)	134 (81.7%)	Met
2020-2021	2022-2023	226	136 (60.2%)	172 (76.1%)	Met
2021-2022	2023-2024	158	85 (53.0%)	110 (69.6%)	Partially Met

Benchmark
1. 70% of students who start the BSN Program will graduate within 6 terms.

BSN Job Placement

Cohort Started	Graduating Cohort	Graduates responding	Position Held in Nursing	Benchmark Met/Not Met
2019-2020	2021-2022	58/62	93.5%	Met
2020-2021	2022-2023	64/68	94.1%	Met
2021-2022	2023-2024	58/60	96.7%	Met

A survey is issued to all graduates by FSW Institutional Effectiveness 6 months after graduation.
The benchmark is that 90% of students who respond to the 6-month survey will have a job in nursing.
